CRICKET CENTRE OF EXCELLENCE

IN ASSOCIATION WITH:

IN ASSOCIATION WITH:

ANDREW GALE

FROM AN EARLY AGE I DREAMT OF PLAYING PROFESSIONAL CRICKET AND REPRESENTING THE WHITE ROSE OF YORKSHIRE.

It has been a privilege to play for Yorkshire on nearly 400 occasions and to receive coaching, guidance and support of the highest standard. As Co-Owner of Pro Coach Yorkshire Cricket Academy and Yorkshire 1st XI Head Coach I now have the opportunity to help youngsters to reach their potential.

By combining with the prestigious Scarborough College we can provide an outstanding all-rounded education that will give pupils the chance to excel both in the classroom and on a cricket field. We have a saying at Yorkshire, 'Train hard, win easy'.

By joining this Centre of Excellence you will have to work hard and show the passion that could one day help you score runs or take wickets at the highest level.

In return, we will provide a first-class coaching experience in high-class venues, and training concepts and methods hailing directly from the Yorkshire first team training programmes.

Master classes from cricketing superstars will also help develop pupils in their quest to make representative squads.

A photograph of Joe Root, an England Test Cricket Captain and Yorkshire CCC player, holding a cricket bat. He is wearing a white polo shirt with the NatWest logo and the England crest. The background is a blurred outdoor setting.

JOE ROOT

MY DAD, MATT, WAS A GREAT INFLUENCE ON MY CAREER, AND THAT OF MY BROTHER'S. WE ALSO BENEFITED FROM THE GREAT TRADITION OF CRICKET IN YORKSHIRE.

You can see club teams playing every weekend and the standard is high. My brother and I played for Sheffield Collegiate Cricket Club. This is where my fellow England captain, Michael Vaughan, played as well. I scored my maiden first-class century at Scarborough and remember Vaughany playing there with my Dad, in a Yorkshire League game, before he went on to represent Yorkshire and captain England. It is at clubs such as Collegiate and Scarborough that players can really learn some of the more complex aspects of the game.

I am delighted Scarborough College is working with Pro Coach Yorkshire Cricket Academy and local cricket clubs. The R66T Academy shares the

same objective which is to prepare and empower players to succeed at the highest level they can play. It is also important to point out that the benefits of this programme will benefit young players well beyond the boundaries of the field of play.

I'm very proud to be from Yorkshire. This sense of pride stems from more than just the fact that I come from a long line of great players like Boycott, Illingworth, Close, Hutton and Vaughan. There's a great sense of belonging here. It's a beautiful place to live, be educated and play cricket.

England Test Cricket Captain
and Yorkshire CCC player

MATT ROOT

CRICKET HAS BEEN IN MY FAMILY FOR YEARS. I PLAYED CRICKET, MY FATHER PLAYED CRICKET, HIS FATHER PLAYED CRICKET AND HIS FATHER BEFORE HIM. IT'S IN OUR BLOOD.

Over the years my family has produced players with a wide range of abilities, from local league cricketers to the world's number one Test player. One thing we have all had in common is a great passion for the game. We have got so much out of the game over the years. It's time to put something back!

One way of doing this will be through the R66T Academy's association with Scarborough College. It is a delight to see a school adopting a player-first mentality and ensuring they play for one of Yorkshire's outstanding clubs

on a Saturday. This ensures players achieve the highest standard possible and, by working with Pro Coach Yorkshire Cricket Academy, players will have the chance to maximise their potential.

We look forward to seeing the players for their pre-season camp in Desert Springs, and how they develop, both as cricketers and as people, at Scarborough College.

Matt Root
Academy Director and Founder
The R66T Academy

HEADMASTER

I AM PROUD THAT WE CAN PROVIDE YOUNG PLAYERS WITH THIS GREAT OPPORTUNITY TO COMBINE ACADEMIC AND SPORTING EXCELLENCE AT SCARBOROUGH COLLEGE.

Our partnership with Pro Coach Yorkshire Cricket Academy means pupils will benefit from first-class facilities, high-level coaching and an outstanding academic education. We will also be working with the R66T Academy and players will be given the opportunity to attend a pre-season camp at the Desert Springs Academy in Spain.

The programme is tailored to the needs of the player and is developed to include all aspects of what makes a successful cricketer. From strength and conditioning, nutritional advice, to playing matches of a high calibre, players are given pathways to become the best possible cricketer.

There are more cricket clubs in Yorkshire than the whole of Australia and competition is fierce. We will work with excellent cricket clubs in Yorkshire to ensure players are playing to the highest standard possible, with a player-first mentality. Come Saturdays, I expect players to play for clubs in this cricket-loving county, instead of representing the school. That way, they will play to a suitably high level, which is best for their development.

To become a great cricketer will take dedication, passion and ability to succeed at the highest level. I believe that with those attributes, and the coaching Pro Coach Yorkshire Academy will provide, players will be able to reach their potential and become exceptional cricketers. Here, at Scarborough College, we will offer you the opportunity to work with coaches of the highest level in our great year-round cricket development programme.

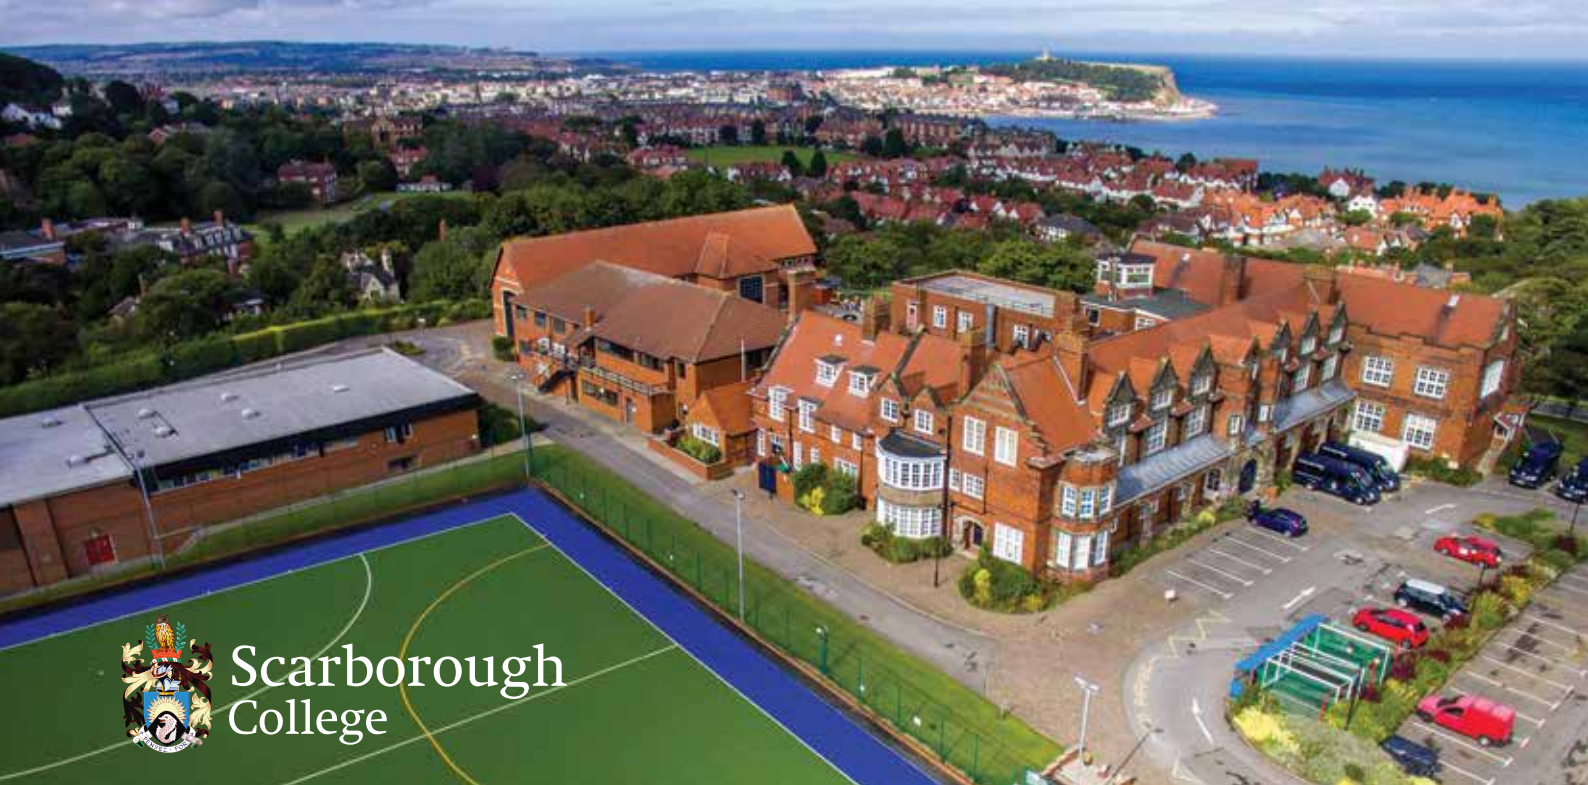

I am delighted to be working alongside the Pro Coach Yorkshire Cricket Academy and the R66T Academy, as they share the same vision and ethos as Scarborough College. We aim to maximise the potential of each player, whilst developing them as a person and giving them the skills that will shape them for the rest of their life.

Scarborough
College

120 YEARS OF HISTORY AND SUCCESS

Steeped in tradition and History, since its foundation in 1896, Scarborough College has provided a life-changing education to pupils based on high standards, a climate of aspiration and a commitment to providing an individualised journey for every child.

Pupils at Scarborough College will belong to a high-achieving boarding and day school in a beautiful location, enjoying close proximity to the North York Moors, the Wolds and the Yorkshire Coast.

We offer an outstanding education, from the Pre School at three years old, through GCSEs and the International Baccalaureate Diploma at Sixth Form, as well as offering an exceptional range of co-curricular activities.

Our nationally recognised Yorkshire Grit programme is a vital part of the curriculum designed to ensure that pupils are challenged beyond the classroom and become resilient, collaborative, compassionate and adventurous individuals.

PRO COACH YORKSHIRE CRICKET ACADEMY

PRO COACH IS THE OFFICIAL COMMERCIAL COACHING ARM AND PARTNERS OF YORKSHIRE COUNTY CRICKET CLUB (YCCC) AND PROVIDES THE ADMINISTRATION AND COACHING DELIVERY FOR YORKSHIRE'S PATHWAYS SYSTEM – WHICH HAS PRODUCED PLAYERS SUCH AS JOE ROOT, JONNY BAIRSTOW, TIM BRESNAN AND THE COMPANY FOUNDER ANDREW GALE.

Pro Coach was established in 2006 and is now one of the largest commercial coaching companies in the world. We have seen through other programmes how the prolonged exposure to our professional environment, not only accelerates their physical development and cricketing skills, but increases levels of maturity at the same rate.

We pride ourselves on creating well-rounded people, not just cricketers. There is a certain etiquette and dedication required to achieve greatness whilst on a student athlete programme, and we feel that Scarborough College can provide everything a child needs to excel on and off the

field, and develop as a person along the way. We will utilise the Yorkshire Grit programme exclusive to Scarborough College and ensure the players bond as a team, as well as overcome certain perceptions and potential insecurities about themselves.

Perceived limits will be pushed, and no apology made. We will train out of the comfort zone to find how much desire and skill lies within each student.

Our aim is to offer a first-class coaching experience for players of any age, gender or ability to reach their potential and enjoy the game.

THE PROGRAMME

STUDIES WILL COME FIRST, AND THEIR SCHOOLING IS PARAMOUNT, BUT WE WILL BE MAKING SURE THEY FULFIL THEIR CRICKETING POTENTIAL BY PROVIDING:

- Two cricket sessions a week during term time: one at Headingley where Yorkshire train and one at the College
- They will follow individual strength and conditioning programmes
- Two strength and conditioning sessions a week, swimming included
- Cricket Academy clothing
- Master Class sessions from current and ex Yorkshire and England stars
- Learn the Yorkshire way, a proven method of creating world-class cricketers
- Tickets to Yorkshire matches to watch the stars of the modern game up close and personal
- Play matches in the summer against other schools, colleges and representative sides within Yorkshire
- Play for local clubs at weekends during term time at College to experience the full strength of club cricket in Yorkshire.

THE R66T ACADEMY

THE R66T ACADEMY HAS BEEN ESTABLISHED IN ORDER TO GIVE CRICKETERS OF ANY AGE, GENDER, ABILITY AND LOCATION ACCESS TO HIGH QUALITY CRICKET COACHING.

Our principles are to encourage players to:

- Enjoy all aspects of the game and develop a healthy competitive spirit
- Express their own natural talents
- Understand that team objectives are more important than individual performances
- Appreciate excellence and enjoy the success of other players

There is the opportunity to attend pre-season at the Desert Springs Cricket Ground with the R66T Academy.

With its outstanding facilities it has become a preferred venue of a number of high-profile professional teams, including Yorkshire CCC, and has played host to the England cricket team.

SCARBOROUGH CRICKET CLUB

An example of one of the clubs we will be working with is Scarborough Cricket Club.

It is important that players from the Centre of Excellence play at the highest level possible on a Saturday during the cricket season.

Players will be playing tough, competitive cricket in one of the Yorkshire leagues.

The annual Scarborough Cricket Festival is one of the most historic sporting events in the world, and over the years has played host to some of the world's greatest cricketers.

The ground, situated at North Marine Road, has seen large crowds watching first class cricket since 1876. This has included former pupils who have represented Yorkshire at their First Class out ground.
