

MEMBERS' COMMITTEE CANDIDATE

PAULINE BEESLEY

I have been a member of the YCCC Members' Committee since 2018. This Committee represents the Members and provides an important conduit to the Club. Unfortunately, throughout COVID it has been difficult for Members to have their views and concerns heard. Hopefully this situation will rapidly improve.

I would like to continue my role and provide support for the Members' Committee. An indication of my contribution is that I have helped the Supporters' Association by being Secretary since before the start of the COVID outbreak.

I feel I have the necessary skills and attitude to fully represent all Members successfully and provide a useful link for the Club.

In future I feel the Members' Committee will have a more important and ongoing role in the overall Governance of the Club, in creating a better and more certain future.

Pauline Beesley
