

Yorkshire Performance Pathway Changing Room Policy

Yorkshire Cricket will ensure that adults will not be using the changing rooms at the same time as children and young people - a child defined as someone who has not yet reached the age of 18.

Adults will be asked to change at separate times to children if sharing the same facilities.

Due to the risks of inappropriate photography or filming, any mobile phones must not be used or brought into the changing rooms, including those of the players. Phones must be left with a parent or guardian when arriving at the game or, failing that, be handed to the team manager for safe keeping during the game.

Players or parents may discuss this with the team manager or Performance Pathway Safeguarding Officer - Jonathan Corcoran - j.corcoran@yorkshireccc.com, mobile 07910 705059 – if necessary.
