

Yorkshire Performance Pathway Player Charter

We are delighted that you have been selected to as a player within our Yorkshire Performance Pathway. Your selection means that you have reached a high standard of technical competence, but you must also understand that we have high standards in terms of attitude, ethics and hard work to help you reach your potential - and that your attitude will also be key to achieving this. You have a fantastic opportunity to become an outstanding cricketer, added to your continuing academic and personal development and we look forward to working with you.

This Charter explains what we expect of you and what you can expect from us. It provides the basis upon which we can build high, common standards in all teams, and work together to develop you as cricketers and people.

All players will be asked to agree to the terms of this Charter when accepting their place in a Yorkshire Performance Pathway Squad and/or prior to attending any Pathway event.

In our Yorkshire players, we look for individuals who display accountability, responsibility, courage, resilience, self-awareness and enjoyment and strive towards the following core behaviours. Our core behaviours are players who:

- Love playing for Yorkshire, understand the club's history and ethos, and have a strong desire to contribute towards winning games of cricket for their county.
- Respect the rights, dignity and worth of others and the spirit of fair play in cricket. This is more than playing within the rules. It also incorporates the concepts of friendship, mutual support and respect for all others involved in the game (including, but not exclusively, officials, grounds staff, coaches, players, parents and spectators).
- Stay humble and treat every selection for Yorkshire as an opportunity and not an expectation.
- Practice smart and hard; and who lead their own development.
- Are prepared to help others when they aren't developing themselves.
- Ask to practice further and be challenged.
- Provide energy to the training and the playing environment.
- Embrace pressure.
- Are reliable, punctual, and are prepared to sacrifice other commitments (not necessary all the time) in order to progress their development.
